

Bluebell Family Consent Form

The EU's General Data Protection Regulation (GDPR) will apply from 25th May 2018, when it supersedes the current UK Data Protection Act 1998. Significant and wide-reaching in scope, the new Law brings a 21st Century approach to Data Protection. It expands the rights of individuals to control how their personal information is collected and processed and it places a range of new obligations to be more accountable for data protection.

Patients may notice a change and we kindly ask that you work with us to ensure that we, as a Practice, do not breach the new Act.

Please understand that we can no longer discuss Husbands, Wives, Partners and Children over 16's treatment or appointment details unless we have signed consent.

Should you wish to allow access to a family member or friends please fill out the details below and sign.

We will not be able to share the information required unless this document is completed:
